Writing what are some important qualities of a good teacher:

what does it mean - a good school teacher? It's a difficult question, but I'll try ^{or} find ^{or} an answer. ^{it}

A good teacher gives the students a high-level ^{lex} knowledge. He also teaches to be kind and polite and how to behave in different situations. In my school, there is an English teacher who teaches us to say polite words, help another people ^{or} and deal with the conflicts calmly. Now I have some arguments, ^{or} but I manage because I always know what to do in ^{or} such situations. ^{or}

A good teacher always helps the students if ^{or} something is difficult for them. For example, my Computer Science teacher explained me how to do some tasks, and I finally understood. It's important because we must know all the school programme to pass our exams after school.

A good teacher always takes part in the school life. ^{or} He helps to organize ^{or} such events as school trips, parties, concerts ^{or} and so on. It makes the ~~concerts~~ process of education more interesting and helps to get ^{or} along with students better.

In my school the teachers always help their students to organize a concert, which every year takes place on a big stage. ^{or}

Also, every teacher is ex providing interesting school trips and excursions.

Finally, a good teacher is also loved by his students. ^(doh)
