Yesterday me and my friends have visited our school's new canteen. And I must say that It was really good. When we first entered it - we were stunned by the atmosphere. There were different drawings on walls, bright and colourful tables and you won't believe it - soft and comfy chairs! Even though it was the same size as the old one, it seemed bigger.

There already was a line of people, wanting to buy some food, so we had to wait. It took us 5 minutes and only then we were able to make our order.

Each of us bought some apple juice and two pizza slices. I bought a cheesy slice and one with pepperoni. The one with cheese only was good, but the pepperoni one was amazing! Not as good as in some restaurant but still really tasty. What's more important - prices. Each of us payed ~110 RUB and I must say that it is rather cheap!

While eating I looked around. The drawings on the walls, that I have already mentioned were made in a graffiti style and each of them was some kind of food. For example: Pizza, hamburger, potato crisps, soup and many others.

Comparing this to our previous canteen is like comparing fire and water! Everything is better - interior, design, furniture, atmosphere, quality and variations of food, even prices! The only thing that I'd like to improve - is making it possible to pay by card. But still, I think that I can safely say that our new canteen - is everyone's favourite place in our school!
