What I hope to be doing in ten years' time.

The future seems to be not as simple as I want it to be. In ten years I will be twenty four after all, so I hope I'll be studying in a Med University those times.

Also, I'm still asking myself if I want to stay with my mom, or live on my own. I don't think that I will be able to pay rent while being a university student.

Otherwise, if I'm ~~not~~ not going to ~~to~~ the University, I hope to work in a nice bar, or a cafe. I want to be a bartender, by the way. Not a really popular job of the dream, but it's hard to get used to it. I can see a nice business connected with bars, and, I guess, it can be even my whole-life job.

In my twenty's, I hope to finally get a snake as a pet. I can't get one now, because of my mom's phobia, but a cute little cornsnake is a real dream of mine. Actually, "to get a snake" is one of my life goals.

As I said, I don't know if I want to move, or to stay here, in Khabarovsk. But I want my partner to be near, because I can't even IMAGINE my life without her.
