What I hope to be doing in ten years' time.

My name is Arseny, I am 13 years old and I live in Khabarovsk which is ^{one of} the biggest far-eastern cities of Russia. I go to school and study 3 languages; English, Chinese and Hindi. My life now is very good and I suppose that in the future it might be even better.

In ten years' time I plan to pass exams, and after graduating from school after 11th class go to the very good university in Moscow. To the time I'll end university I would like to find a well-paid job.

Comparing my life now and my life in ten years' time, I can say that the changes are quite big. Me and my family will arrive ⁱⁿ Moscow and live there, I am sure that if I study well and hard now, I will definitely have such a future.

To summarize, I would like to say that in ten years' time my life will be really different, I'll probably live in another city, know much more and become a teenager.
