What I hope to be doing in a ten years' time?

A lot of people nowadays are concerned about their future, and so am I. Today I want to share my dreams with you.

As a child, I have always wanted to live in a big city, where you can see skyscrapers on every corner. I extremely love Canada with its rhythm, people and culture, that is why in ten years I see myself living there. More than that, I am fond of programming, IT and working with computers, so in ten years I will definitely work as a game programmer, because it is my passion to create different types of computer games. Maybe I will even work with such big companies as "Naughty dog" and "Sony". By that time I will probably have a husband, a dog and a cat.

Firstly, to compare my life now and in ten years, I wanted to say that I will have my own family. I will be an independent person and I will need to care about my life alone. I will live ~~at~~ in a different country, and it will be hard.  $8+3+1,5+1+1,5$
