Introduction.
The purpose of this report is to give an opinion about our new school canteen, and describe its pros and cons. I also want to make some suggestions on how it could be improved, and I hope it will help to make a canteen better.
General Findings.

Our new canteen is well-organised and comfortable, all food is tasty and staff is very polite and friendly. I can say that this canteen is good enough for our school, so this project was very useful.

Points worthy of praise.

Firstly, new canteen is big enough to let one hundred students eat at the same time. Secondly, it is always clean, beautiful and quiet, so it is a perfect place to spend a lunchtime. The food's quality is very high, too. Nobody complained about tasteless, spilt or unhealthy dishes, and everybody say that our new school canteen is great.

Issues.

The only problem of our new canteen is that prices here are very high. Many students can't buy some special dishes, because they are overpriced. These students haven't got a big choice of meals, and it makes them feel isolated and different from those who have more money.

Suggestions.

I suppose that it would be better if prices in our school canteen were lower. It will give an opportunity to a bigger amount of students to enjoy delicious and fresh food. This improvement will make a positive influence of students' health and mood.
