New canteen.

1. Introduction.

A New canteen in our school was opened about 3 weeks ago. And it was decided to make survey among students about what they like and dislike.

2. Atmosphere

Just over 3 quarters (77%) said that the atmosphere in the new canteen was much better than in an old one. Moreover, it was mentioned that seniors loved to do their homework in there. The only problem they faced was a bad light. It was dark in there. This issue can be solved very easily by adding more lamps.

3. Size

Moving on to the size, most of the students (98%) are comfortable with the size. Moreover in addition to this, the canteen is now enormous so that it is possible for some events to take place there.

4. Price

As for prices, which is the most significant part of this report. Just over a half of students think that the money which they pay with is fitting the food in the canteen. The other part says the prices

be great to make the prices lower so that everyone could afford lunch or breakfast.

## 5. Food

~~Moreover~~ Just over three quarters (78%), ~~are complete~~ of students are completely fine with the quality of food in the new canteen so that only a couple suggestions were made about making the place better. Firstly, it would be great to add some vegan dishes since 15% of the students are vegetarians. Secondly, it was asked to add a little sweets like cakes.

## 6. Conclusion

To sum up, mostly everyone is happy and comfortable with the new canteen. There is only a couple of issues that can be solved easily.
