Recently a new canteen was opened in our school. All students were very excited to visit it for the first time. I asked some students questions to find out their opinion about our school's new canteen.

First of all, ^{all students} mentioned the charming atmosphere of this place. New furniture, big chandelier, ~~and~~ huge windows make this place look fresh and comfortable. There are different paintings on the walls. These paintings look astonishing. Also, the size of this canteen is pretty big for our school. I think that it can fit more than two hundred people at the same time.

Food is probably the most important part of this place. All students expected to see basic meals at our canteen. We all thought that the food ~~would~~ be cold and not very ~~tasty~~. But we were wrong. The new canteen suggests students a very varied menu. We have so many different options to choose. Surprisingly, the prices are not very high. I think it is important to make food at school affordable for all students. My classmates tried different meals. ~~Students~~ Students were amazed by literally everything! My personal favourite was delicious chicken soup. Besides healthy food we also tried some pies. Some students said that ~~the~~ apple pie was the best one. And the drinks did not disappoint us too. We enjoyed drinking hot green tea.

In general, everyone liked our new canteen. Some students suggested to add more sweets and hot drinks to the menu. Also, they said that it would be great to hear ~~music~~ music playing while you eat. These are the only suggestions on improving the canteen. We are so grateful for this amazing place. Now it is our favourite part of school. I think, we will spend a lot of time at our new canteen in future!
