The Hobbit

"The Hobbit" is a ~~the~~ trilogy written by J.R.R. Tolkien, and it doesn't even need an introduction. Being one of the most famous books of all time, it has been read by tens of millions of people worldwide! The series, consisting of: "Unexpected journey", "The desolation of Smaug's" and "The battle of five armies", ~~has~~ has been awarded numerous times since its birth.

You might be wondering, what could bring "The Hobbit" to such an astonishing success? There are ~~two main reasons to that~~. ~~The first one is Tolkien's brilliant skill of writing. The story is dynamic and bright, and easy to read. None~~ There, of course, is a reason to that. And it is Tolkien's brilliant writing skill.

The story is dynamic and bright, and is also easy to read. Nevertheless, it doesn't miss out on depth. The book is filled with lore and ~~deep~~ long history of all the races: the hobbits, the dwarfs, the elves, the orcs and the humans.

The storyline ~~consists~~ tells about ~~an~~ a thrilling adventure of Bilbo Baggins, a hobbit from Shire, ~~and~~ thirteen dwarfs and one ~~mg~~ mage, Gandalf the Grey, in which the team tries to reclaim the mountain that used to be the dwarf capital until it was stolen by ~~an~~ a terrifying dragon called Smaug. Throughout the book they face many challenges and hardships. That could make an excellent film!

It shouldn't be too hard to make a film on that book, since the cast ~~will~~ will be easy to find, because the book is a hit. There are, however, some crucial difficulties, such as ~~am~~ choosing a filming place. But I'm sure ~~some~~ a skilled producer will deal with this problem!

To make a conclusion, I think it's a great idea to create a film on "The Hobbit" because the book is fantastic. I'm excited to see how one hobbit, one mage and 13 dwarfs take their revenge on Smaug in a movie theatre!
