Writing

Hello, my name is Oksana and I'd like you to know why I had ^{gr} decided to learn English, what I like about it and of course, here I'll write some advices for people, who just started learning ^{gr} English.

I'm learning English because it's really important to know it ^{gr} nowadays - it is something like an international language: every product has an instruction, wrote in English, many websites in the internet are wrote in English and many people all over the world know it, so you'll be able to speak and to understand them. I find it fantastic! ⁹⁵

I really like that learning English isn't very difficult and ^{sp} of course, when we learn a new language, we should learn the history of a country, where this language came from and I'm really interested in knowing some historical events of the Great Britain ~~so~~ and England, because that makes me understand their culture. It's really important for me because I like art, so I will understand what an artist or a sculptor wanted to say with his artwork. ¹⁷⁵

As an advise for learning English, I'd like to say that first of all ^{gr} you should find out why did you started learning English - it ²⁰⁰ will make you think of your ambitions and of the ways to reach them. Then, you should think about all things you need to study while learning English: don't forget about learning not only new grammar, but also some words for your vocabulary. ^{sp}

I hope this essey was useful for you, have a good day!
