Writing

Hello, my name is Gaziza. When I was little I wasn't ~~interested~~ interested in studying English. When I was in primary school I didn't learn English really hard. But when I entered secondary school I took ^{Gr} an English class, where the teacher told us what opportunities ^{Gr} knowledge of English opens up. I realized that I could go to a ^{Sp.} foreign ^{Sp.} university, live and get education in any country. Since then I have been trying to get as ^{Gr} much ^{Gr} knowledges of English as possible. I can say that studying English is my hobby. Most of all I like watching films and talking ⁵⁰ to native speakers. It allows me to hear live English. When I imagine that I can speak like that I feel inspired. When I remember the time when I started learning English I realize that I haven't listened to live speech enough. I can advise everyone who is starting to ⁵⁰ learn English to listen to native speakers more, to watch movies in English, to write down new words and to learn them by heart. Don't be lazy, never ~~give~~ give up and remember that everything is possible.
